Dear Resident and Business Owners,

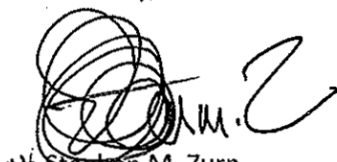

February 14, 2013

This is to inform you that the City of Glendale Public Works Department Engineering Division will hold a community meeting for the **Fiscal Year 2012-13 Slurry Seal Program** on Tuesday, March 5, 2013, 6:00 p.m., in the Verdugo Room of the Sparr Heights Community Center, located at 1613 Glencoe Way, Glendale, California.

The project is a part of the City of Glendale's on-going Pavement Management Program and involves the application of a surface treatment to the street in front of your house and/or adjacent streets in your neighborhood. At the meeting, staff will discuss pertinent construction details, including tentative construction start and end dates, construction sequencing, traffic impacts and alternative routes. You are invited to attend the meeting and participate in the proceedings. A construction project location map is provided for your reference on the back of this page.

If you have any questions regarding the community meeting, please contact the Engineering Division at (818) 548-3945 and/or send us an email at http://www.ci.glendale.ca.us/public_works/contacts.aspx.

Sincerely,

Stephen M. Zurn
Director of Public Works
